

# Book Reservation & Retrieval Request Operation Guideline

All books and audio-visual materials that are being checked out are available for reservation, (If the material's status is "Available", it is only available for Cross-Library Retrieval Request.) Each reader can reserve as many as four materials (including books, audio-visual materials and retrieval requests). Reservation and Retrieval Request are only available for the main library and its affiliated branch libraries, but not available for alliance libraries (all branch libraries of Taichung Public Library).

## A. Book Reservation

All books and audio-visual materials that are being checked out are available for reservation.

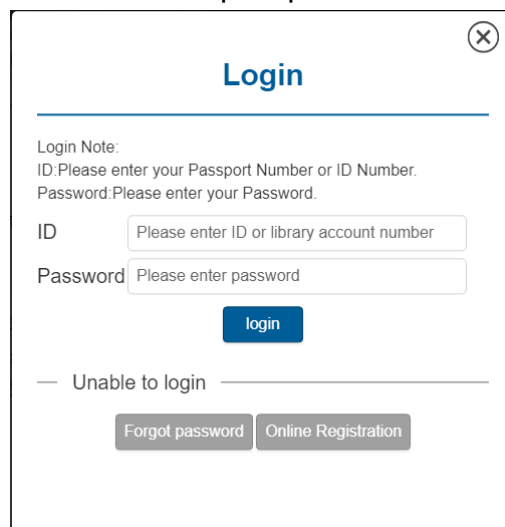

1. Search the book you need on the library catalogue, -If the material's status is "On loan", it is available for reservation.

The screenshot shows a library catalogue entry for the book "Lefty's movie museum" by Lefty. The page includes a cover image, a QR code, and a list of metadata such as author, publisher, edition, and subject. A "Retrieval Request" button is visible. Below the book details, there is a "Get It" section with a table showing the book's availability at different locations.

## B. Retrieval Request

1. Closed Stacks Area : Closed Stacks Area is located in B1 of the Main Library. The area is divided into rentals and non-rentals. The rental materials may be borrowed for a period of 30 days. The non-rental materials are available for retrieval requests, however they must be read inside the library within the open hours. If the book's status is "Available", the book is available for Retrieval Request.
2. Cross-Library Retrieval Request : If the material's status is "Available", the material is available for Cross-Library Retrieval Request, which is provided between branch libraries (Main library, Liming branch, or Zhongxing branch) only. To find more about Cross-Library Retrieval Request, please refer to the following website.
