Story sharing

The Picture Book Database of National Library of Public Information (NLPI) in Taiwan was open to the public in December, 2011. It was created through the collaboration of NLPI, junior/senior high schools, and students. NLPI has worked with junior/senior high schools to recruit 7-12 graders to write, paint and compose their own picture books. The selected picture books are authorized and archived in the Database.

Try it

The books attract parents and children to involve in the stories and stimulate their abilities in appreciation, comprehension and creation.

1. 牠們看見一條河，在暴風雨時，河面突然出現一張又圓、又腫的大嘴。

2. 「剛開始我以為牠是魚，小松鼠則在牠的後方。」

3. 牠們就靠著牙齒和牙齒，幫牠魚刷牙。

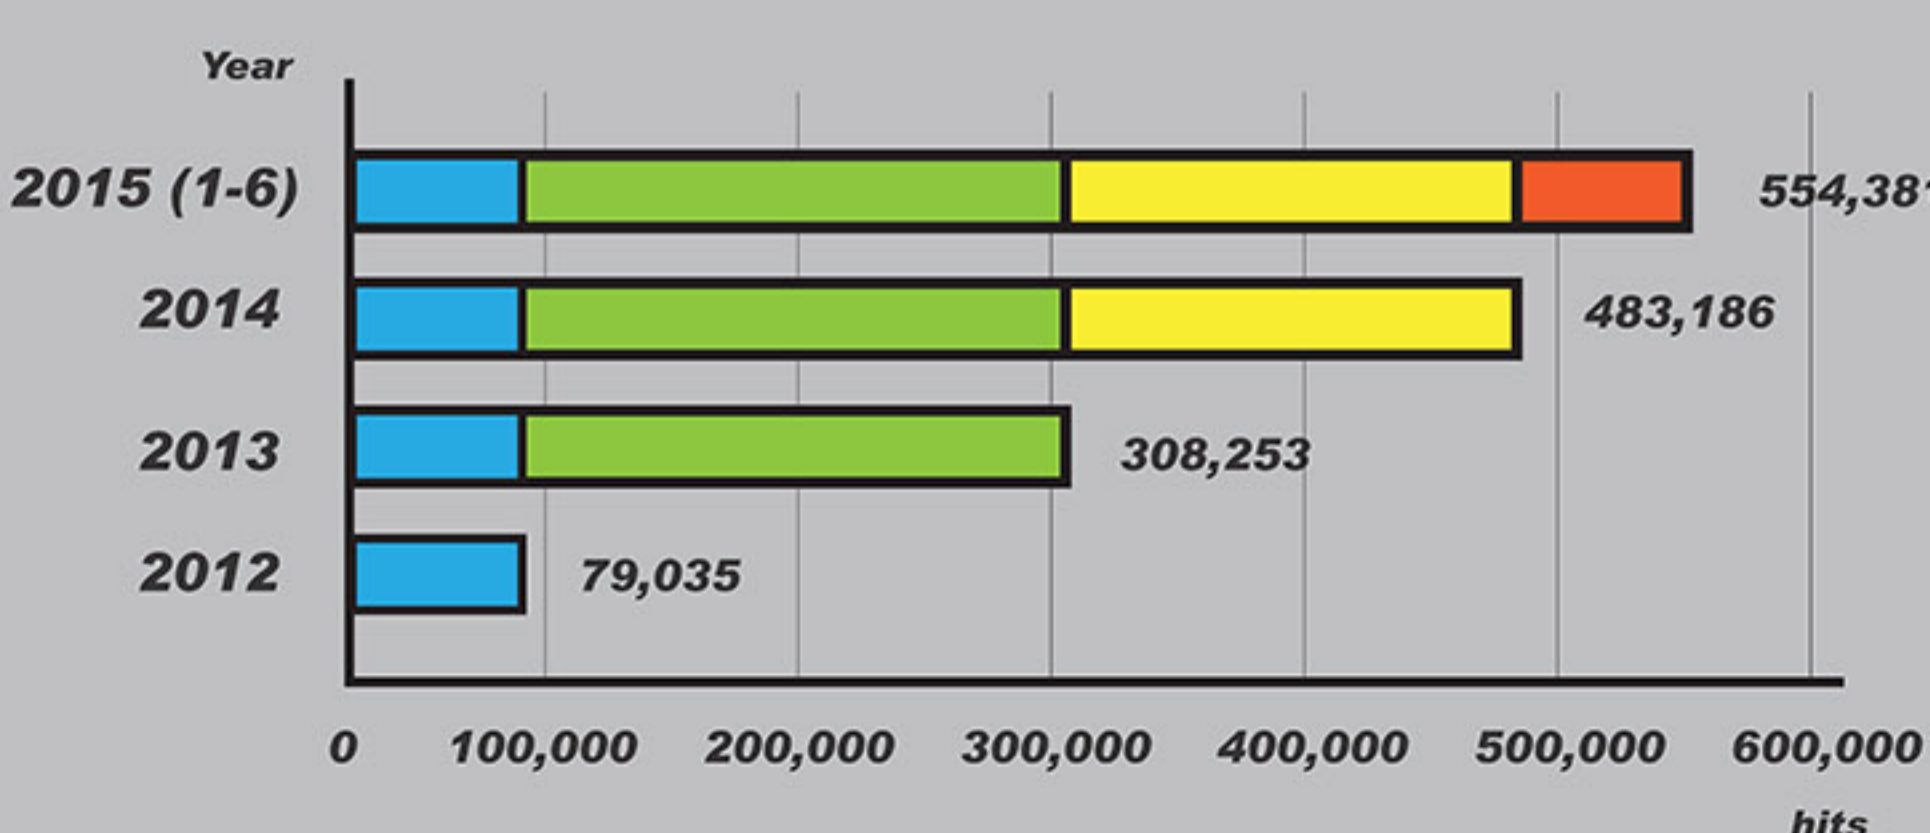

4. 「刷牙刷，左刷刷，右刷刷，上下都刷刷。」

5. 刷牙之後，魚的牙齒變得亮晶晶又亮晶晶。

6. 魚開心地幫助牠們逃避危險的河川。
